January 2006

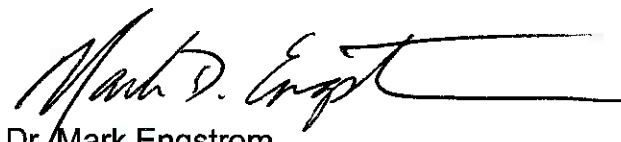

To Whom It May Concern,

The Royal Ontario Museum is proud to be a founding sponsor of Ontario Nature's 75th Anniversary celebrations. This partnership complements the Museum's objectives to increase public awareness of the natural history of Ontario and to contribute to science, teaching and research of our province's precious natural heritage.

Since its inception, Ontario Nature has played an important role in establishing a science based conservation movement in this province and the ROM is honoured to be able to join in commemorating the organization's 75 years of dedicated conservation work.

We join you in honouring your past, and on behalf of the ROM, I wish you all the best as you continue to provide a strong and influential voice for nature in Ontario.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark D. Engstrom', with a long horizontal flourish extending to the right.

Dr. Mark Engstrom  
Vice President, Collections & Research
