Dear <Subscriber>,

Your subscription to award-winning *ON Nature* magazine is running out!

When you subscribe to *ON Nature*, you not only receive a high-quality magazine dedicated to bringing you in-depth environmental articles, accompanied by superb wildlife photography, you also support Ontario Nature, the province's leading conservation organization.

For more than 75 years, Ontario Nature has worked to protect woodlands, wetlands and wildlife. Recently, the organization has been at the forefront of conservation campaigns to create new parks and protected areas in the province, to update and improve conservation policies and legislation (such as the Endangered Species Act and the Provincial Parks and Conservation Reserves Act), and to advocate for land-use practices that value the importance of natural areas.

Your subscription supports *ON Nature* magazine and a greener Ontario. Please renew now while you are still a subscriber to enjoy uninterrupted delivery of *ON Nature* magazine. Please consider taking out a membership in Ontario Nature as well. The extra money would help advance Ontario Nature's conservation work.

Saving paper saves trees. Help us avoid additional correspondence by renewing your subscription now and online if possible.
